

Food Innovations, an individual or team event, recognizes participants who demonstrate knowledge of the basic concepts of food product development by creating an original prototype formula, testing the product through focus groups, and developing a marketing strategy. Participants will demonstrate their knowledge of food science, nutrition, food preparation safety, and product marketing. Participants must prepare a display, suggested product packaging, and an oral presentation.

2019-2020 COMPETITION TOPICS - All Food Innovations projects must be based on the correct topic as indicated on page 226.

EVENT LEVELS

Level 1: through grade 8 Level 2: grades 9-10 Level 3: grades 11-12

See page 83 for more information on event levels.

ELIGIBILITY & GENERAL INFORMATION

- 1. Review "Eligibility and General Rules for All Levels of Competition" on page 85 prior to event planning and preparation.
- 2. Participants are encouraged to bring fully charged devices such as laptops, tablets, etc., to use for audiovisual presentation.
- 3. Items within the *display* may be used as in- hand *visuals* during the oral presentation, but must be returned within display dimensions when finished.
- 4. Participants are not allowed to provide food product samples to the evaluators.
- 5. Chapters with multiple entries in this event must submit different projects for each entry. All projects must be developed and completed during a one-year span beginning July 1 and ending June 30 of the school year before the National Leadership Conference, and must be the work of the participant(s) only.
- 6. National Leadership Conference participants will view the online orientation video found on the official FCCLA YouTube channel, available in early June. Each entry must complete and submit the required form to the event room consultant at the time of competition. Only one form per entry is required. Contact State Advisers for orientation procedures for competitions prior to National Leadership Conference.

Procedures and Time Requirements

5 minutes	At the designated participation time, participant(s) will have 5 minutes to set up their <i>display</i> . Other persons may not assist.
10 minutes	The oral presentation <u>may be up to 10</u> minutes in length. A one-minute warning will be given at 9 minutes. Participants will be stopped at 10 minutes. If audio or audiovisual recordings are used, they are limited to a 3-minute playing time during the presentation. <i>Presentation equipment</i> , with no audio, may be used during the entire presentation.
5 minutes	Following the presentation, evaluators will have 5 minutes to interview participants.
5 minutes	Following the interview, evaluators will have 5 minutes to review the display.
5 minutes	Evaluators will have up to 5 minutes to use the rubric to score and write comments for participants.

Specifications

Display

A *display* should be used to document and illustrate the work of one project, using clearly defined presentation surfaces.

The display may be either freestanding or tabletop. Freestanding displays should not exceed a space 48" deep by 60" wide by 72" high, including audiovisual equipment. Tabletop displays should not exceed a space 30" deep by 48" wide by 48" high, including any audiovisual equipment. Information or props outside the display will be considered part of the display and subject to penalty (tablecloths, storage items, boxes below the table, etc.). Each display must include the following elements:

Project Identification Page	One 8 ½" x 11" page on <i>plain paper</i> , with no <i>graphics</i> or decorations; must include participant's name(s), chapter name, school, city, state, event name, and project title.
FCCLA <i>Planning Process</i> Summary Page	One 8 ½" x 11" summary page of how each step of the <i>Planning Process</i> was used to plan and implement the project; use of the <i>Planning Process</i> may also be described in the oral presentation.
Evidence of Online Project Summary Submission	Complete the online project summary form located on the "Surveys" tab of the FCCLA Portal, and include signed proof of submission in the display.
Original Prototype Formula(s)	Present an original prototype formula(s) and the modified version(s) after each test and alteration, including the final formula(s). Changes from the previous version should be highlighted in each modified formula. The original prototype formula(s) must fit within the participants' level of the national food product topic. The final formula(s) may be from any stage of development, sufficient evidence is given to support the choice of the final formula(s) as the best option for manufacturing.
Product Testing Method	Participants will test their formula in <i>focus groups</i> and modify it two times. <i>Focus groups</i> should follow the following guidelines: Test #1—minimum five (5) individuals Test #2—minimum ten (10) individuals, who are part of the intended consumer <i>audience(s)</i> of the product. Display the method of evaluation for each stage of testing and include a sample of both negative and positive results from each stage. Selection of final product may occur at any stage of product testing.
Process Storyboard	Show pictures of the product at various stages of production and testing.
Nutrition Information	Level 1 —list of nutrients (no amounts needed) found in the product, exhaustive list of ingredients, allergy warnings, and consumption instructions, if needed. Level 2 and Level 3—create a nutrition fact label for the product, following FDA guidelines, which includes the following items: serving size; amount per serving and % Daily Value of: total calories, fat calories, total fat, total carbohydrates, protein, sodium, and cholesterol; ingredients; allergy warnings; and consumption instructions.

Food Innovations Specifications (continued)

Equipment, Safety, and Sanitation	Develop a list of equipment used and safety precautions taken to ensure a safe test kitchen and sanitary product.
Product Summary	Includes product name, target market, appeal of product to target audience.
Actual and Suggested Pricing	Determine the actual cost of producing one serving and one package of the product. Develop a suggested price for retailing the product.
Appearance	The display must be neat, legible, professional and use correct grammar and spelling.

Suggested Product Packaging

The suggested product packaging should be an actual size, 3-D model of the intended product container, in addition to the display.

Design Effectiveness	The drawing or <i>model</i> should exhibit creativity and innovation and the design should be effective in containing, shipping, and storing the product. Include a description of actual materials to be used in the suggested product packaging.
Marketability	The packaging should be appealing to the target audience and contain all of the appropriate information to be ready for sale. Minimum information required: - Product Name - Nutrition Facts Label - Ingredient List - Allergy Warning - Consumption Instructions - Net Weight
Appearance	The drawing or model must be neat, legible, professional, and visually appealing.

Oral Presentation

The oral presentation may be up to 10 minutes in length and is delivered to evaluators. The presentation should explain the specifics of the project. The presentation may not be prerecorded. If audio or audiovisual equipment is used, it is limited to 3-minute playing time during the presentation. Presentation equipment, with no audio, may be used throughout the oral presentation. Participants may use any combination of props, materials, supplies, and/or equipment to demonstrate how to carry out the project.

Organization/Delivery	Deliver oral presentation in an organized, sequential manner; concisely and thoroughly summarize project.
Explanation of Product Choice	Explain why the particular food was chosen and its appeal to both the participant and potential consumers.
Knowledge of Subject Matter	Demonstrate thorough knowledge of food science, dietetics, and nutrition. Discuss the area of Food Science which was most directly relevant in creating and testing the <i>prototype formula</i> .
Use of <i>Display</i> and <i>Visuals</i> During Presentation	Use display and visuals to support, illustrate, or complement presentation.
Voice	Speak clearly with appropriate pitch, tempo, and volume.
Body Language/Clothing Choice	Use appropriate body language including gestures, posture, mannerisms, eye contact, and appropriate handling of notes or note cards if used. Wear FCCLA official dress, professional dress, or costume appropriate for the nature of the presentation.
Grammar/Word Usage/ Pronunciation	Use proper grammar, word usage, and pronunciation.
Responses to Evaluators' Questions	Provide clear and concise answers to evaluators' questions regarding project. Questions are asked after the presentation.

2019-2020 Competition Topics and Resource Information

Traditional American meal entrees rely heavily on animal-sourced ingredients such as meats, eggs, cheese, and milk. For the Food Innovations STAR Event, participants will develop a food product to be marketed for sale to the consumer group of their choice, replacing animal-sourced ingredients with plant-based ingredients.

Level 1 (through grade 8) – Develop a plant-based "traditional" breakfast entrée that is part of a healthy diet.

Level 2 (grades 9-10) – Develop a plant-based "traditional" lunch entrée that is part of a healthy diet.

Level 3 (grades 11-12) – Develop a plant-based "traditional" dinner entrée that is part of a healthy diet.

- 1. Make sure all information at top is correct. If a student named is not participating, cross their name(s) off. If a team does not show, write "No Show" across the top and return with other forms. Do **NOT** change team or station numbers.
- 2. Before student presentation, the room consultants must check participants' *display* using the criteria and standards listed below and fill in the boxes.
- 3. At the conclusion of presentation, verify evaluator scores and fill in information below. Calculate the final score and ask for evaluators' verification. Place this form in front of the completed rubrics and staple all items related to the presentation together.
- 4. At the end of competition in the room, double check all scores, names, and team numbers to ensure accuracy. Sort results by team order and turn in to the Lead or Assistant Lead Consultant.
- 5. Check with the Lead or Assistant Lead Consultant if there are any questions regarding the evaluation process.
